CO is a *Neuropyschiatric Syndrome*

It Begins
with PTSD

CO Safety Summit 2024

Hotel Poisonings

Not All Hotels Have Professional Management

All Hotels Should have **Preventive Maintenance Plans**

Pool Heaters Require Even More Maintenance

**Maintenance is Being Done by Employees with no HVAC
Training or Experience.**

Hotel Poisonings

Carbon Monoxide Alarms Must be Where the People Are.

- **Brand Standards**

Hotels Long Defer Capital Expenditures for Replacement of HVAC Equipment

Hotel Ownership is Structured to Minimize Accountability.
